

CUSTOMER TRAININGS

Make the best of your potential

The right training for your employees is an important factor for the performance of your production and quality of your products. With the W&H Academy, we offer you a competence center for training with a unique range of services specifically for the flexible packaging market.

Our trainers are familiar with the latest technology. As certified technical trainers, they have extensive know-how together with years of practical experience. State-of-the-art technology and the combination of theory and practice guarantee maximum learning success. Professional product and application knowledge go hand-in-hand in our training. Beyond that, we always adapt our services to current trends and market requirements.

Your advantages

- ✓ Improvement of employee qualification and motivation
- ✓ Safe and qualified machine operation
- ✓ Optimization of production processes
- ✓ Use of open machine potentials
- ✓ Increased productivity and quality
- ✓ Reduction of unplanned downtime

Increase your expertise

CUSTOMER TRAININGS

Make the best of your potential

Trainings

In a W&H Training, you will receive practice-oriented training based on defined learning concepts and with clear learning objectives. You benefit from qualified trainers with many years of practical experience. Professional product and application knowledge go hand in hand in our training courses.

Consulting

With a W&H Consulting you will receive a practice-oriented on-site consulting related to your individual challenges. Besides comprehensive expert knowledge we provide professional methods for identifying potential and advise you on how to implement the improvements.

Technology Events

At our technology events, W&H experts share information about the latest industry and development trends and present practical solutions in our modern Technology Center. We regularly cooperate with leading global partners in the flexible packaging industry. In this way, you benefit from both our comprehensive know-how and our large network.
